- ✓ Tools Used   : SVN, Perforce, Beyond Compare, Jenkins, GITLAB
- ✓ Tracking Tool   : HP QC/ALM, QAC, Rally, Jira
- ✓ Databases   : Oracle SQL Developer, DB2, IBM Netezza, MongoDB

Professional Experience

Organization	Designation	Duration
HCL	Senior Test Engineer	July 2018 – Present
Fiserv India Pvt Ltd	Associate	July 2017 – July 2018
Cognizant Technology Solutions	Programmer Analyst	Dec 2014 - June 2017

Project Details

1. SPRINTT: -

- ✓ **Description**: System for Patient Recruitment and Informatics In Therapeutics Trials. Application which is built to conduct survey's for different trials, programs and maintain the roles and responsibilities of different users.
- ✓ **Organization**: HCL
- ✓ **Client:** Quest Diagnostics
- ✓ **Duration**: Feb 2019 – Present
- ✓ **Role:** Automation Tester
- ✓ **Tools used:** Protractor, QAC, Rally, GITHUB, Jenkins
- ✓ **Language**: JavaScript, NoSQL
- ✓ **Database used:** MongoDB
- ✓ **Responsibilities**:
  - Develop and maintain the automation framework using Protractor
  - Automation of manual test cases, creation of automation scripts for Web application
  - Performing the release execution and reporting defects in Rally
  - Creating and Executing queries on MongoDB and used Json file to read the test data for scripts
  - Worked in Agile methodology following Scrum process

2. QAP: -

- ✓ **Description**: Quest Diagnostics empowers people to take action to improve health outcomes. Our diagnostic insights help treat disease, inspire healthy behaviors and improve healthcare management. Our Quanum technology and analytics portfolio offers a robust suite of tools that allow patients, payers and providers to better analyze, connect and engage allowing us to deliver on the promise of technology in healthcare to improve quality, outcomes and patient care.
- ✓ **Organization**: HCL
- ✓ **Client:** Quest Diagnostics
- ✓ **Duration**: July 2018 – Jan 2019
- ✓ **Role:** Automation Tester and Database Validation
- ✓ **Tools used:** HP UFT/QTP, QAC, Rally, Perforce, SVN, Jenkins
- ✓ **Language**: VB Script, SQL
- ✓ **Database used:** IBM Netezza SQL
- ✓ **Responsibilities**:
    - Automation of manual test cases, creation of automation scripts for Web application using HP UFT/QTP
    - Develop and maintain the automation framework
    - Create daily status reports and keep all the concerned stakeholder apprised of current status/risks for respective features
    - Performing the regression execution and reporting defects in Rally after release testing
    - Creating and Executing SQL queries on IBM Netezza Tool using them in scripts as test data to perform DB vs UI testing
    - Worked in Agile methodology following scrum process

3. Signature: -

- ✓ **Description**: Signature from Fiserv is a complete, real-time, scalable solution that delivers customization, system integration and business process improvement to traditional and nontraditional financial institutions. Integrated with best-of-breed solutions from across Fiserv for a full enterprise-wide banking solution, Signature delivers extensive functionality and flexibility to our client institutions. Perfectly suited for commercial and retail-focused banks, Signature is also available on an in-house or outsourced basis.
- ✓ **Organization**: Fiserv India Pvt Ltd
- ✓ **Client:** HTLF, ASB, Synchrony Bank
- ✓ **Duration**: July 2017 – July 2018
- ✓ **Role:** Automation Tester
- ✓ **Tools used:** HP UFT/QTP, HP QC/ALM, AS400, Aldon, SVN
- ✓ **Language**: VB Script, SQL
- ✓ **Database used:** DB2
- ✓ **Responsibilities**:
    - Automation of regression test cases, creation of automation scripts on Web and Windows application using HP UFT/QTP tool
    - Maintenance of existing scripts and performing the dry run
    - Performing the regression execution for Aperio, AOS, Signature application and reporting defects in Aldon on testing the application
    - Creating and Executing SQL queries on DB2

4. BRMS: -

- ✓ **Description**: BRMS is a business revenue management system. BRMS acts as an Intermediate application between different applications. Designed solely to manage the billing process. BRMS is a complete system-of-record and supports the core functions of the transactions done on main application i.e. Prime.
- ✓ **Organization**: Cognizant Technology Solutions
- ✓ **Client:** UnitedHealth Group

- ✓ **Duration**: Jan 2017 – June 2017
- ✓ **Role**: Automation Tester and Database Validation
- ✓ **Tools used:** HP UFT/QTP, HP QC/ALM
- ✓ **Language**: VB Script, SQL
- ✓ **Database used:** Oracle SQL Developer
- ✓ **Responsibilities**:
  - Automation of Database Validation using automation tool by comparing data in one layer with another layer
  - Script creation for comparing data between two different file format using automation tool
  - Execution of test cases/scripts using automation framework on HP UFT/QTP through HP ALM
  - Worked in Waterfall model

5. <u>Guidewire: -</u>

- ✓ **Description**: Guidewire Policy Center is a flexible underwriting and policy administration system designed to empower personal and commercial lines carriers to deliver insurance the way they've always wanted to. Designed solely for P/C insurers, Policy Center is a complete system-of-record and supports the core functions of the policy lifecycle—product definitions, underwriting, quoting, binding, endorsements, and renewals.
- ✓ **Organization**: Cognizant Technology Solutions
- ✓ **Client:** Sentry Insurance
- ✓ **Duration**: Feb 2015 – Dec 2017
- ✓ **Role:** Automation Tester
- ✓ **Tools used:** HP UFT/QTP, HP QC/ALM, Jira, Beyond Compare
- ✓ **Language**: VB Script
- ✓ **Database used:** SQL Server 2012
- ✓ **Responsibilities**:
  - Perform Smoke Testing on new build deployment
  - Requirement analysis, test case design, test execution through automation tool using HP UFT/QTP
  - Maintenance/fixing of existing automation scripts
  - Reporting Defects in HP QC/QLM on testing the application
  - Worked in Agile methodology following Scrum process

Certification Details
- ISTQB foundation level certified professional

Education

- B.E. in Electronics and Communication from Chitkara University in 2014 with 78.1% marks
- 12th from Bhavan Vidyalaya School, Panchkula in 2010 with 72.2% marks
- 10th from Bhavan Vidyalaya School, Amravati Enclave in 2008 with 79% marks

Personal Details

Date of Birth   03rd October 1992

Present Address   #304, Amravati Enclave, P.O. Chandimandir, Panchkula-134107, Haryana

I hereby declare that the information furnished above are true to best of my knowledge.

Place: Noida
